None

We won. 153.5- 97.5

5) Election

Mark- As long as it doesn't get personal, more realistic elections, offers a more rounded view, easier to see the better candidates

EDE- conflicted, demoralising

Jess- start off on just SABBs, to see if it works

If on a JCR level could be the first Election they've been in (i.e. Freshers running for positions) could get personal on a JCR level

Could increase voting

SABBs should be well enough informed and cope under pressure
